

CARS ARE WRECKED, TWO HURT IN RIOTS IN ALBANY STREETS

New Outbreak in Trolley
Strike Follows Police Cru-
sade to Bar Jitneys.

CALL STATE TROOPERS.

Aged Woman Struck in the
Head by a Stone—Service
Resumed This Morning.

ALBANY, May 20.—Albany was quiet to-day after a night marked by what the police characterized as the wildest street car strike disorders since the union employees of the United Traction Company refused to operate cars nearly four months ago in protest against a wage reduction of 25 per cent.

Street car service, suspended earlier than usual last night as a result of the disorders, was resumed at the regular hour this morning.

Angered apparently by the increased activities of the police in their crusade to drive from the streets the motor cars which have been competing with trolleys manned by non-union crews, a crowd of men and boys began to attack the trolleys in the heart of the business section last night.

It was not until eight cars had been partly wrecked and deserted by their crews in Broadway, one of the main thoroughfares of the city, and the arrival of State troopers from Troy that anything like order was restored in the business district. At a time when the disorders were at their height and with the police apparently unable to cope with the crowds, four false alarms of fire were turned in, one alarm bringing the firemen to the centre of the disorder zone.

Two persons were reported injured, an aged woman being struck in the head by a stone and one member of a crew of one of the trolleys attacked suffering an injury to his head when

hit by a brick hurled through the vestibule of the car.

More than forty operators of motor buses were arrested yesterday charged with operating their cars in violation of the transportation Corporation Law.

Former Gov. Glynn has requested William D. Mahon of Detroit, President of the Amalgamated Association of Street and Electric Railway Employees, to come to Albany and, with Henry Beyer, State Industrial Commissioner, try to settle the strike.

"Continuance of the strike much longer," said Mr. Glynn, "means ruin for both company and men, as well as the intolerable inconvenience and disastrous loss to the public."

ROME GIVES FINAL COUNT ON ELECTION

Coalition, Including 28 Fascisti,
Hold 221 Seats—Socialists Get
125 Deputies, Communists 15.

ROME, May 20.—Final reports of the parliamentary elections held throughout Italy, last Sunday, show that the coalition parties will hold 221 seats in the next Chamber of Deputies. The other political parties will be represented as follows:

Fascisti (Extreme Nationalists), 28; Agrarians, 22; Socialists, 125; Catholics, 108; Communists, 15; Republicans, 9; Slaves, 5; Germans, 4.

The election of Slav and German deputies raises the question of the language to be used in the Chamber. The official language is fixed by statute as Italian, but Italian and French are at present allowed.

RAID LITTLE CLUB PARTY AND ARREST TWO AMID JEERS

Cops Find Quart Under Table
in All-Night Rendezvous
Near Broadway.

Two of Inspector Boettler's detectives went into the all-night Little Club in the basement of the 44th Street Theatre Building at 1 A. M. to-day and made for a table on which stood some glasses of what purported to be ginger ale.

Before the party, consisting of two men and several richly dressed women could protest, they took up the glasses and tasted the contents. There were about 100 couples in the place and considerably indignation was shown, but the detectives ignored the caustic criticisms directed at them and began a search for the source of the alleged "kick" they detected was in the ginger ale.

Under the table, it is alleged, they found a quart bottle containing what they decided was brandy, and arrested the two men despite their denials of ownership. The prisoners

insisted on going to the West 47th Street Station in a taxicab instead of the patrol wagon, and were granted the privilege. They described themselves as Charles M. Closter, thirty-two, salesman, No. 301 Riverside Drive, and Harry S. Stern, twenty-eight, salesman, No. 239 Broadway. They will be arraigned to-day in West Side Court.

Lenine and Trotsky Reported Quarrelling.

LONDON, May 20.—A Helmsingford dispatch to the Central News to-day reports sharp differences of opinion between Nikolai Lenine and Leon Trotsky at this week's meeting of the Soviet Council. Lenine advocated the inclusion in the Government of representatives of other than the Bolshevik parties.
